1. Out of Stock Notification for Magento 2 Extension Overview

[Out of Stock Notification for Magento 2 extension](#) allows customers and guests to sign up for out of stock products. The extension will automatically send to notification email to the list of subscribed customers when the product is back in stock.

2. How Does Out of Stock Notification for Magento 2 Extension Work?

2.1. General Config

Go to **Stores** → **Configuration** → **BSSCommerce** → **Out of Stock Notification**.

2.1.1. Product Alerts

Enable <small>[website]</small>	Yes
Allow Product Subscription for <small>[website]</small>	NOT LOGGED IN General Wholesale Retailer
Notification Message <small>[store view]</small>	Please enter email to subscribe for stock alert
Limit Email Send per Customer <small>[website]</small>	4
Send Mail When Quantity <small>[website]</small>	15 Send mail to customer if only quantity is more than this amount.
Stock Alert Email Template <small>[store view]</small>	Stock Alert (Default) Email template chosen based on theme fallback when "Default" option is selected.
Alert Email Sender <small>[store view]</small>	Sales Representative

In **Enable**, choose Yes to enable the extension or No to disable it.

In **Allow Product Subscription for**, select customer group to apply out of stock notification.

In **Notification Message**, enter message to guide customer to fill in email field.

In **Limit Email Send per Customer**, restrict the number of stock alert email sent to each customer.

In **Send Mail When Quantity**, send email to customer only when product quantity reach meet this requirement.

In **Stock Alert Email Template**, choose template of stock alert email.

In **Alert Email Sender**, choose the sender of stock alert email.

2.1.2. Product Alert Run Settings

Frequency <small>[global]</small>	Daily	▼						
Start Time <small>[global]</small>	11	▼	:	30	▼	:	00	▼
Error Email Recipient <small>[global]</small>	testmagento321@gmail.com							
Error Email Sender <small>[global]</small>	General Contact							▼
Error Email Template <small>[global]</small>	Cron Error Warning (Default)							▼
Email template chosen based on theme fallback when "Default" option is selected.								
Run Cron Now								

In **Frequency**, set frequency of running cron job to send email.

In **Start Time**, set the starting time to send email.

In **Error Email Recipient**, set email to receive error mail in case of cron job’s error.

In **Error Email Sender**, set email to send error mail in case of cron job’s error.

In **Error Email Template**, set error email template.

*Note: Remember to enable displaying out of stock product. Go to Stores → Configuration →

2.2. Manage Customer Subscription

BSSCommerce → Manage Customer Subscription.

Admin can manage stock subscription information of customer here, including customer name, email, product, send count (the number of times that stock email is sent to customer), send date and status of subscription.

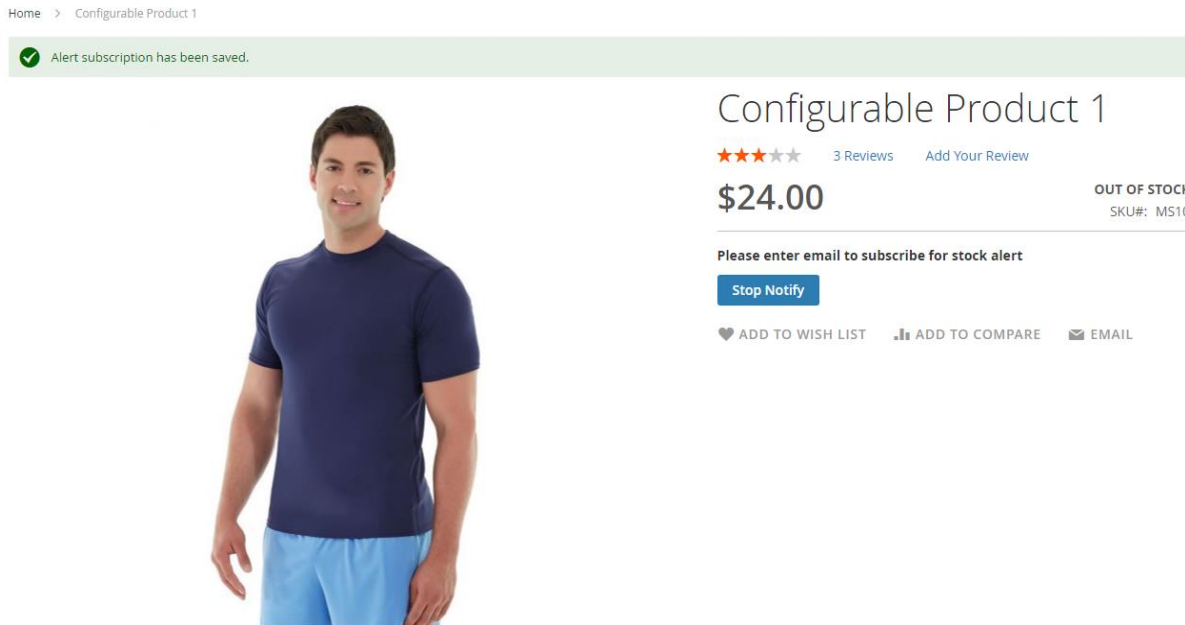

2.3. Display Notify Button on Product Page and Category Page

2.3.1. Category Page

The Notify button is located under the Out of stock status when hovering on each product. You will be redirected to the product when clicking this button.

2.3.2. Product Page

Guest or not-logged-in customers fill in email field and click Notify Me button to receive stock alert notification. A message will be shown as “Alert subscription has been saved” and a Stop Notify button appears to stop notification for that product if customer need.

For logged-in customer, the email field will be automatically filled in.

2.4. Product Subscription tab on Customer Account Page

- Account Dashboard
- Account Information
- Address Book
- My Orders
- My Downloadable Products
- Newsletter Subscriptions
- Stored Payment Methods
- Billing Agreements
- My Product Reviews
- Product Subscriptions**
- My Wish List
