1. Reorder Product Extension Overview

[Reorder Product extension](#) allows customers to quickly reorder any previously ordered products. They can easily buy these products from a separate tab called “My Reorder Product” in Customer Account Page. All information of products is display in a neat table consisting of image, price, product name with addition details when hovering, and availability if the product is out of stock.

2. How Does Reorder Product Extension Extension Work?

Please navigate to **Admin Panel → System → Configuration → BSSCommerce → Reorder Product.**

2.1. General Settings

General Settings	
Display Controls	<input type="text" value="Yes"/> ▲ Automatically displays controls. Set to No if you use custom position

In **Display Control**, choose Yes to enable the extension or No to disable it.

2.2. Product List Settings

Product List Settings	
Sort By	<input type="text" value="Recent Order"/> ▲ Choose option(s) for Sort by Feature.
Maximum order amount	<input type="text" value="100000"/> ▲ Fill in Maximum order amount which decides an item whether it's reordered or not. Only show items in order total which is or less than SX. X is Maximum order amount.

In **Sort by**, decide how products in reorder product list are sorted by: Recent Order, Name, Price.

In **Maximum Order Amount**, enter a value to set maximum amount for reordered products.
