Detailed explanation

- A professional grid view table for configurable products. The table will contain which attributes of product as you want and that will be very convenient for customers when ordering.
- Ability to increase/ decrease product quantity in the convenient table and automatically calculate the total payment.
- Built-in Color swatch function
 - Color swatch displays as label with Magento version 1.4.x to 1.8.x
 - Color swatch displays as picture with Magento version 1.9.x
- Display Tier price for configurable product.
- Demonstrate in stock/ out of stock status.
- Display different price and tier price for each simple product.
- Display the price range of configurable product.
- Allow customers to add more than one product to cart at a time.

2.2. How to Configure Pro Configurable Products Grid Table View Extension in the backend

Go through **System → Configuration → BSS COMMERCE → Configurable Grid View**

Configurable Grid View

General		
Enabled	Yes	[STORE VIEW]
	▲ "Yes" option to enable, "No" option to disable.	
Enabled jQuery Library	Yes	[STORE VIEW]
	▲ "Yes" option to enable, "No" option to disable.	
Display Stock Availability	Yes	[STORE VIEW]
	▲ If enabled the products qty column will be enabled in configurable grid view table	
Display Stock Number	Yes	[STORE VIEW]
Display Out of Stock Status	Yes	[STORE VIEW]
	▲ If enabled, the products have Stock Availability = "Out of stock" will be displayed in the configurable grid view table.	
Show Subtotal	Yes	[STORE VIEW]
	▲ If enabled, subtotal column will be displayed in the configurable grid view table.	
Show Tier Price	Yes	[STORE VIEW]
	▲ Show tier price in table view.	
Use Option Swatch	Yes	[STORE VIEW]
Configurable Product Use Simple Price	No	[STORE VIEW]
Show Unit Price	Yes	[STORE VIEW]

- In **Enable**: Choose **Yes/ No** to enable or disable the module
- In **Enable jQuery Library**: Choose **Yes/ No** to enable or disable jQueryLibrary.
- In **Display Stock Availability**: When you enable it, you can see stock availability in the configurable grid table.
 - **Display Stock Number**: choose **Yes** to show stock number.
 - **Display Out of Stock Status**: if you enable, the products have Out of Stock status will be shown up.

- In **Show Subtotal**: you can choose Yes or No to display or hide the subtotal column.
- You can choose to show or hide **Tier Price** by selecting Yes or No.
- In **Use Option Swatch**: Choose Yes or No to enable/disable Swatch.
 - **Pro Configurable Products Grid Table View Extension** enables customers to use color swatch function for each child product, and has color swatch guide for admin
 - In addition, if you want to create color swatches for configurable products, you can do it by following our tutorial blogs about color swatch: [Magento Tutorial: Create Color Swatches for Configurable Product.](#)
 - **NOTE:** Normally, the swatch default gets the image attached to label uploaded in the configurable product edit page. However, this extension will take images uploaded for each child item.
- In Configurable Product Use Simple Price:
 - If you choose **Yes**, you have to do the two following things:
 - You have to set different prices for simple products.
 - Go to: **Catalog → Manage Catalog**
 - You click to each simple product to set price and choose **Price** in **Product Information:**
