## 1. Configurable Product Grid Table View for Magento 2 Overview

Along with Magento 1 version, [Configurable Product Grid Table View for Magento 2](#) extension supports better shopping experience by allowing customers to add multiple products to cart at once. This module displays all children products of the configurable product in a very simple table with fields such as product availability, price, quantity and subtotal. Especially, a price range of the configurable product is also shown on the category page, which is determined by the lowest and highest one among prices of children products.

## 2. How does Configurable Product Grid Table View for Magento 2 work?

You go to **Admin** → **Store** → **Configuration** → **BSSCOMMERCE** → **Configurable Grid View** and start setting up.

Enabled	Yes	▼	[STORE VIEW]
	Choose 'yes' to enable module.		
Display Stock Availability	Yes	▼	[STORE VIEW]
	If enabled the products qty column will be enabled in configurable grid view table.		
Display Stock Number	Yes	▼	[STORE VIEW]
Display Out of Stock Product	Yes	▼	[STORE VIEW]
	If enabled, the products have Stock Availability = "Out of stock" will be displayed in the configurable grid view table.		

In **Enabled**: Choose **Yes** to enable the module or choose **No** to disable it. it.

In **Display Stock Availability**:

- Choose **Yes** to display stock availability in the grid table. When you enable this feature, you can set up Stock number and Out of stock status.
- Choose **No** to hide Availability column from the table

In **Display Stock Number**: Choose **Yes** to show stock number in the table or choose **No** to replace it by In Stock status.

In **Display Out of Stock Products**:

- Choose **Yes** to show out of stock products in the table
- Choose **No** to hide out of stock products

Show Subtotal	<input type="text" value="Yes"/>	[STORE VIEW]
	<small>If enabled, subtotal column will be displayed in the configurable grid view table.</small>	
Show Unit Price	<input type="text" value="Yes"/>	[STORE VIEW]
	<small>If enabled the products unit price column will be enabled in configurable grid view table.</small>	
Show Detailed Total	<input type="text" value="Yes"/>	[STORE VIEW]
Disable For Customer Group	<input type="text" value="NOT LOGGED IN&lt;br/&gt;General&lt;br/&gt;Wholesale&lt;br/&gt;Retailer"/>	[STORE VIEW]

In **Subtotal**: Choose **Yes** to show subtotal column in the table or choose **No** to exclude it.

In **Show Unit Price**:

- Choose **Yes** to display the column of **Unit price** in the gridtable
- Choose **No** to hide the **Unit Price** column
- Choose **Only Different Price** to show price of children products having different prices. If all children product of a configurable product have the same price, the unit price column will not display.
